- 25X1 1. The tank depot at Kirchmoser (Z12) is located in a railway repair shop on the Brandenburg-Magdeburg line. The factory is west of the railroad station; it has many sidings connected with the main line as well as one leading to the Plauer See.
- 25X1 2. New, special machines for tank repair have been set up. The halls are reported by workmen to contain Tiger, Königstiger, and T-34 tanks. Personnel consists of approximately 800 German workers and 100 Soviet officers and EM of the Engineers under Major Reshevkov.

Comment: Para. 1 confirms two earlier reports on this repair depot. Personnel strength is a decline in the figure of "2,000 male and female Russian" workers reported on 6 May 1946.

This document is hereby regraded to CONFIDENTIAL in accordance with the order of 13 October 1973 from the Director of Central Intelligence to the Archivist of the United States.
